7/28/94

Dear Hal,

Worth Bad untold millions and eight years and he never got into pre-election contacts ("October surprise") the drug rotus or the attached.

The Warren Commission is alive and well! According to the current Esquire, Mailer has turned in a huge manuscript on Oswald to Random House.

Mailer gave a blurb to "The Man Who Knew Too Much". A bad portent!

Sincerely,
EC

A.C.I. AC136
